

Brussels Conference on Generative Linguistics 7

17-18 December 2012

Monday Dec 17, 2012 (room Hermes 6306)

9:00	9:30	<i>Registration</i>	
9:30	10:30	Invited speaker: Ad Neeleman (UCL)	Person syncretism: An analysis and a case study. (joint work with Peter Ackema)
10:30	11:00	<i>Coffee Break</i>	
11:00	11:40	Inna Tolskaya (CASTL, UiT)	Polysemy of verbal prefixes in Russian: conceptual structure vs. syntax
11:40	12:20	Yoshio Endo (Kanda University) & Bartosz Wiland (University of Poznań)	There is one fine-grained functional sequence in morphosyntax
12:20	14:00	<i>Lunch Break</i>	
14:00	14:40	Dimitrios Ntelitheos (United Arab Emirates University)	Participant nominalization as relative clause formation
14:40	15:20	Artemis Alexiadou, Gianina Iordachioaia, Daniela Marzo, Birgit Umbreit (University of Stuttgart)	Comparing lexicalist and syntactic insights on deadjectival nominalizations
15:20	16:00	<i>Coffee Break</i>	
16:00	16:40	Marijke De Belder (HUBrussel) & Marjo Van Koppen (Utrecht University)	One module, different levels of merge: ANN compounds in Dutch
16:40	17:20	Leah S Bauke (University of Frankfurt)	What nominal root compounding tells us about the syntax-morphology interface

Tuesday Dec 18, 2012 (room Hermes 6306)

9:30	10:00	<i>Coffee</i>	
10:00	11:00	Invited Speaker: Matt Tucker (UCSC)	Diagnosing syntax-morphology interactions from clitic restrictions: The case of Maltese
11:00	11:30	<i>Coffee Break</i>	
11:30	12:10	Jan Don, Paula Fenger, Olaf Koenenman (Universiteit van Amsterdam)	Micro-variation as a tool for linguistic analysis
12:10	12:50	Gregory Kobele (University of Chicago)	A derivational approach to phrasal spellout
12:50	14:30	<i>Lunch Break</i>	
14:30	15:10	Georg F.K. Höhn (University of Cambridge)	The size of the spell-out domain: context-sensitive allomorphy and the Basque "case paradigm"
15:10	15:50	Anke Assmann, Doreen Georgi, Timo Klein, Philipp Weisser (University of Leipzig)	Possessor case in Udmurt: multiple case assignment feeds postsyntactic fusion
15:50	16:30	<i>Coffee Break</i>	
16:30	17:30	Invited speaker: Tarald Taraldsen (CASTL)	*ABA and the representation of features in syntax
